

CLM-Community Acronyms

Appendix E: CLM-Community Acronyms

CC	CLM-Community coordinator
CI	Coordinating Institution
CLM-CO	COordination group
CLM-Community	Climate Limited area Modelling-Community
CLM-PASS	Preparation group of the annual CLM-Community Assembly
CLM-SAB	Scientific Advisory Board of the CLM-Community
CLM-SUPTECH	CLM-Community Working Group SUPort and TECHnical issues
CO	Coordination office
COSMO	COnsortium for Small scale Modelling
COSMO-CLM	COSMO model version of the CLM-Community
CSCD	COSMO Standards for Source Code Development
DFG	German Research Foundation
DWD	Deutscher Wetterdienst (German Meteorological Service)
EXTPAR	Preparation of external parameters
ICON	Icosahedral Nonhydrostatic Model
ICON-CLM	ICON Climate Limited-area Mode
ICON-LAM	ICON Limited Area Mode
INT2LM	COSMO software int2lm for interpolation of initial and boundary conditions for the COSMO model
INT2LM-CLM	CLM software int2lm for interpolation of initial and boundary conditions for the COSMO-CLM model
PG	Project Group of the CLM-Community
PPP	PreProcessing of the Parameters of the global model for INT2LM-CLM
RCM	Regional Climate Model
SCA	Source Code Administrator
VCS	version control system
webPEP	web-interface for the Processor for External Parameters
WG	Working Group of the CLM-Community
